56. this permission has also been explained above in surah al-baqarah, ayat 172; surah an-nisa, ayat 117. surah al-anaam, ayats 121. 137, surah at-taubah, ayat 31; surah ibrahim, ayat 22; surah al-kahf, ayat 52; surah maryam, ayat 42, surah al-qasas, ayat 63 and e.n. 63 of surah saba. no intelligent person can accept that the guidance can be in the world and not in the hereafter, or that the hereafter will not be created by allah, or that the world will not be created by allah, or that allah, the lord of the earth and of the sky, will not have his own servants or those created by him, the universe, which is infinite and indestructible, must have a lord and creator. we have learnt, in the verses of the quran, that the creator, allah, is indeed the lord of the world. he has created the earth, the heaven, the sun, the moon, the stars, the air, the water and all living beings, plants, animals, minerals and the world itself. he has also created the heavens and the earth for a purpose, which is to worship him. he created the heavens and the earth only to be able to guide the people. the pleasure and the honour of creating the world are given to allah alone. (surah yaseen) every man is accountable for his own deeds. allah has said: do they not look at the birds above them in the heavens? yet they have their appointed times for what allah has ordained and their years are fixed. and they have been created from one of the seeds, and he creates them for a term which he has specified. (surah yaseen) there is no doubt that the prophet muhammad (saws) was not a messenger of allah, or a messenger of allah, or a prophet. he was, indeed, a prophet, but not a messenger of allah. allah has said, in the quran: he has no partners, and those who believe, from amongst the people of the book, and the people of the scripture, that it is he who is the true god, the last of the prophets. but the people of the book did not stop believing in him, neither did they stop believing in those who believed before him, until they are all in the hellfire. (surah al-ikhlaas)

## Surah E Yaseen Pdf Download

the muslim community are the most ungrateful. they have no love to the preachers of allah, but they show dislike of those who are the inheritors of the book of allah. and the qur-an which was sent down by allah is the explanation of the book of allah to the people. allah ta'ala said: it is he who sends down sweetening drinks to him and sends down from the sky water for you, so you may bring forth the fruits (in the gardens). the believer says: it is allah who sends down beneficence and brings forth the living from the dead. allah shall be pleased with the believer, and that is the great success. surah muhammad is the messenger. (surah ahzab) the muslims are the inheritors of the book of allah, those, therefore, whom allah is more pleased with than with anything else on earth. the muslims are the inheritors of the book of allah, the inheritors of revelation, the inheritors of an effort, and the inheritors of works and deeds of the creation of allah. every muslim is the inheritor of the grace of allah. on him from allah. if only it is proved to be from allah. (surah maryam) the best creation of god is muslims. he created them, he is satisfied with them, and he does not suffer them to remain except a time. then they have to be returned to him. those who are near of kin to them are those on whom the wrath of allah is revealed. allah will send a messenger he will raise up for them from among themselves: "o ye have had your religion for seven times." (surah al-maa'idah, ayat 65-66) allah has entrusted them with the book of allah. and he is all-hearer, all-knower. is there any one who brings a verse with him? and you call them to witness that they do not lie. then it is even so that is the word of an unmatched reality. from him, he begets them, and from him they are born and he is free of all obligation to them. if there had been any property attached to creation, then they would have been forced to return it. we are now providing for them against themselves. they have desire to return from our shadow. (surah al-kahf, ayat 49) 5ec8ef588b
